NEURAL INTERFACES
for Therapeutic Interventions

Advanced Therapies for Pain, Headache, Facial Pain and Movement Disorders

FEBRUARY 3, 2018
Tamkin Auditorium
Ronald Reagan UCLA Medical Center
Los Angeles, California
COURSE DESCRIPTION

This comprehensive 1 day continuing medical education (CME) program in neuro-modulation features an outstanding faculty from the Departments of Neurosurgery, Neurology, and Anesthesia at the David Geffen School of Medicine at UCLA. The purpose of the course is to provide an update on the latest multidisciplinary management and application of medical devices for an array of neurologic diagnoses, including movement disorders, epilepsy, chronic pain, and head and facial pain. There will be specific emphasis on new and emerging treatment options, including deep brain stimulation (DBS), responsive neurostimulation, emerging neurotechnologies, and therapies on the horizon. Alternative treatments, including first-line medical management, botulinum toxin therapy, and adjunctive therapies will also be discussed. The course will focus on personalizing therapy, both with respect to patient selection and targeting therapy. To integrate and ensure audience participation, patient testimonials will take place throughout the day. Attendees are encouraged to bring in their own cases for discussion.

TARGET AUDIENCE

Neurosurgeons (functional and general), neurologists (general, movement disorder, and epilepsy), psychiatrists, psychologists, pain management physicians, primary care physicians, allied-health professionals, and neurosurgery, neurology, and psychiatry residents and fellows

COURSE OBJECTIVES

At the conclusion of this activity, participants should be better able to:

• Describe first line medical therapies for movement disorders, epilepsy and pain
• Understand the role and indications for neuromodulatory treatments
• Understand indications, approaches, and methods for ablative procedures for chronic neurologic conditions
• Describe the multi-modal management of head and facial pain

ACCREDITATION

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA designates this live activity for a maximum of 6.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This CME activity meets the requirements, under California Assembly Bill 1195, continuing education and cultural and linguistic competency.

Disclosure  The FDA has issued a concept paper which classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is “truly independent” and free of commercial influence. In addition to independence, the FDA requires that non-promotional, commercially supported education be objective, balanced, and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program’s participants. In addition, policy of the Accreditation Council for Continuing Medical Education now mandates that the provider adequately manages all identified potential conflicts of interest prior to the program. We at UCLA, fully endorse the letter and spirit of these concepts.
COURSE DIRECTORS

Nader Pouratian, MD, PhD
Associate Professor and Vice Chair*
UCLA Department of Neurosurgery
Neuromodulation for Movement Disorders & Pain
Peripheral Nerve Surgery
Radiosurgery

Ausaf Bari, MD, PhD
Assistant Professor*
UCLA Department of Neurosurgery
Neuromodulation for Movement Disorders & Pain
Peripheral Nerve Surgery
Radiosurgery

UCLA FACULTY

Yvette M. Bordelon, MD, PhD
Associate Clinical Professor of Neurology*
Division of Movement Disorders

John Stern, MD
Professor of Neurology*
Director, Epilepsy Clinical Program
Co-Director, Seizure Disorder Center

Dawn Eliashiv, MD
Professor*
Co-Director, UCLA Seizure Disorder Center
Department of Neurology

Allan D. Wu, MD
Associate Professor of Neurology*
Division of Movement Disorders

Charles Flippen II, MD, FAAN, FANA
Professor of Neurology*
Richard D. and Ruth P. Walter Chair
Department of Neurology

Irene Wu, MD
Assistant Clinical Professor*
Assistant Director
UCLA Comprehensive Pain Center
Department of Anesthesiology

Itzhak Fried, MD, PhD
Professor*
Department of Neurosurgery
Director, Epilepsy Surgery Program

*David Geffen School of Medicine at UCLA

Reza Jarrahy, MD
Associate Clinical Professor*
Plastic and Reconstructive Surgery
Co-Director, Craniofacial Clinic
Department of Surgery

Adrienne Keener, MD
Assistant Clinical Professor*
Movement Disorders Program
Department of Neurology

Won Kim, MD
Assistant Clinical Professor*
Department of Neurosurgery

Jean-Philippe Langevin, MD
Assistant Professor of Neurosurgery*

Joshua Prager, MD
Voluntary Assistant Clinical Professor*
Director, Center for the Rehabilitation of Pain Syndromes (CRPS)
Department of Anesthesiology
