Perioperative Point of Care and Cardiac Ultrasound Workshop

September 24-25, 2016
Loews Santa Monica Beach Hotel
Santa Monica, California

Co-sponsored by:
LOMA LINDA UNIVERSITY HEALTH
CME OFFICE OF CONTINUING MEDICAL EDUCATION
Program

Saturday, September 24, 2016

7:00 AM  Registration and Continental Breakfast
8:00  Introduction and Keynote Address
8:30  Ultrasound Physics and Knobology
9:00  Ultrasound Pitfall and Artifact
9:30  Break: Transition to Educational Track

Perioperative Point of Care Ultrasound Curriculum

Airway/Pulmonary Ultrasound

9:45  Pulmonary Ultrasound (Lecture)
10:15  Airway Ultrasound (Lecture)
10:30  Review Online Pre-test
10:45  Break
11:00  Hands-on Training (Stations 1, 2, & 3)
   Station 1 – Knobology
   Station 2 – Airway (simulator)
   Station 3 – Pulmonary (live model)
12:30 PM  Lunch

Abdominal Ultrasound/Nerve Blocks

1:30  FAST Examination (Lecture)
2:00  Assessment of Gastric Volume (Lecture)
2:15  Regional Anesthesia Part 1
2:45  Regional Anesthesia Part 2
3:00  Break
3:15  Hands-on Training (Stations 1, 2, & 3)
   Station 1 – FAST Exam Part 2
   Station 2 – Gastric Volume Assessment
   Station 3 – Nerve Blocks
5:00  Adjourn

Basic TEE Curriculum

TEE: Valve Assessment – Small Group

9:45  Station 1 - Mitral Valve Assessment
   Station 2 - Aortic Valve Assessment
   Station 3 - Review Online Pre-test
10:45  Break
11:00  Mitral Valve (Lecture)
11:30  Aortic Valve (Lecture)
12:00  Tricuspid/Pulmonic (Lecture)
12:30 PM  Lunch

TEE: LV/RV Function

1:30  TEE Workshop: LV/RV Function
   Station 1 - Qualitative LV Assessment
   Station 2 - Quantitative LV Assessment
   Station 3 - RV Assessment
3:00  Break
3:15  LV Assessment (Lecture)
4:00  Diastolic Assessment (Lecture)
4:30  RV Assessment (Lecture)
5:00  Adjourn
Sunday, September 25, 2016
7:00 AM  Continental Breakfast

Cardiac Ultrasound

8:00  Cardiac Views (Lecture)
8:30  Assessment of Ventricular Function (Lecture)
9:00  Assessment of Valvular Function (Lecture)
9:30  Break
9:45  FATE (Focus Assessed Transthoracic Echo-Lecture)
10:10  Tips for the Difficult Patient and Q&A
10:40  Hands-on Training (Stations 1, 2, 3, & 4)
       Station 1 – Basic Cardiac Views (simulator)
       Station 2 – Cardiac Valve Assessment (live model)
       Station 3 – FATE Exam (live model)
       Station 4 – The Difficult Patient (live model)
12:30 PM  Lunch

Intravascular Volume Assessment

1:30  Assessment of Central Venous Pressure (Lecture)
1:45  Evaluation of Volume Responsiveness (Lecture)
2:15  Putting it All Together (FORESIGHT Exam)
2:30  Break
2:45  Hands-on Training (Stations 1, 2, 3, & 4)
       Station 1 – Central Venous Pressure (live model)
       Station 2 – Volume Responsiveness (live model)
       Station 3 – Review
       Station 4 – Review
5:00  Adjourn

*Optional service (no CME credit): 20 remote education image critiques following the course

TEE Outside of the OR

8:00  Hands-on Training (Stations 1, 2, & 3)
       Station 1 – TEE for the EP Lab
       Station 2 - TAVR
       Station 3 – TEE in the ICU
10:00  Break
10:15  Rescue TEE (Lecture)
10:45  Echo for Non-Cardiac Transplants (Lecture)
11:15  Echo Outside the OR (Lecture)
11:45  Adult Congenital Assessment (Lecture)
12:15  Q&A
12:30 PM  Lunch

TEE: Hemodynamics and Review Questions

1:30  Hands-on Training (Stations 1, 2, & 3)
       Station 1 – Echo Review Questions
       Station 2 – Echo Review Questions
       Station 3 – Echo Review Questions
2:30  Break
2:45  Pericardial Disease (Lecture)
3:20  Aortic Assessment (Lecture)
3:55  Cardiac Masses (Lecture)
4:30  Hemodynamic Measurements (Lecture)
5:00  Adjourn

*Optional service (no CME credit): 20 remote education image critiques following the course
**Accommodations**
A block of rooms has been reserved at the Loews Santa Monica Beach Hotel at a special rate of $319 single or double occupancy per night plus taxes. Please call the Loews Reservation Center at 800-235-6397 and request the group rate for the UCLA Ultrasound Anesthesiology Conference. To reserve online, please visit: [http://www.loewshotels.com/santa-monica/ucla-ultrasound-anesthesiology-conference](http://www.loewshotels.com/santa-monica/ucla-ultrasound-anesthesiology-conference). Confirmation of reservations made after August 24, 2016 is subject to availability.

**Parking**
Valet day parking is $12.00.
Overnight valet parking is $42 plus tax.

**Registration Fee**
- $700 Physicians, CRNAs, Nurses, and Allied Health Professionals
- $450 UCLA and Loma Linda Fellows/Residents (*Must submit letter of verification)

**Refunds**
A processing fee of $50.00 is withheld from all refunds (full refund if course is canceled or rescheduled). Requests for refunds must be in writing and received no later than August 26, 2016.

**Enrollment**
Enrollment is limited. Early enrollment is strongly recommended.

**By Mail**
Use the form attached. For additional applications, use a photocopy or separate sheet giving all information requested on form.

**By Phone**
Use your MasterCard, VISA, American Express, or Discover. Call (310) 794-2620.

**By Fax**
Send completed enrollment form with credit card information and authorizing signature. FAX (310) 794-2624.

**Online**
Use your MasterCard, VISA, Discover Card, or American Express. Go to [www.cme.ucla.edu](http://www.cme.ucla.edu) and click on Perioperative Point of Care and Cardiac Ultrasound Workshop.

**Accreditation**
The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA designates this live activity for a maximum of 14.5 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Disclosure**
The FDA has issued a concept paper which classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is “truly independent” and free of commercial influence. In addition to independence, the FDA requires that non-promotional, commercially supported education be objective, balanced, and scientifically rigorous. The Policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program’s participants. We at UCLA fully endorse the letter and spirit of the concept. In compliance with this policy, the program audience will have disclosed to them any potential conflicts of interest related to the contents of presentations made by all faculty participating in sponsored or jointly sponsored programs by the David Geffen School of Medicine at UCLA.

**Information**
If you have questions about the program, please contact the Office of Continuing Medical Education at (310) 794-2620.

Please visit our website for other UCLA CME offerings. [www.cme.ucla.edu](http://www.cme.ucla.edu)

Mail to: Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, Perioperative Point of Care and Cardiac Ultrasound Workshop, 10920 Wilshire Blvd., Suite 1060, Los Angeles, CA 90024-6512.
This workshop is designed to highlight the utility of ultrasound for all health care providers involved in perioperative patient care. The course will have two simultaneous educational tracks: 1) focused on the utility of point of care ultrasound for all aspects of perioperative care for non-cardiac surgery, 2) aimed on the review and training of basic echocardiography for cardiac and non-cardiac surgery.

Track 1: Perioperative Point of Care Ultrasound
This track will offer training on a “whole-body” ultrasound examination designed to expand anesthesiologists’ skills with cardiac, pulmonary, abdominal, regional, and vascular ultrasound. The speakers have termed this examination FORESIGHT (Focused, PeriOperative, Risk, Evaluation, Sonography, Involving, Gastro-Abdominal, Hemodynamic, and Trans-Thoracic US). This examination has been designed by a multi-disciplinary team of emergency medicine, critical care, cardiology, and anesthesiologists, who have identified the key aspects of cardiac, pulmonary, abdominal, and hemodynamic ultrasound for perioperative care. Speakers will include the team members involved in the development and publication of the clinical utility of this examination. Attendees will gain insight on the utility of point of care during all aspects of the perioperative setting (pre-operative, intra-operative, and post-operative).

Once registered, the participant will receive access to an iTunes university course and iBook that covers the course material. It is highly encouraged that the participants review this material prior to the course date.

Additional unique features include:
- Instruction via a clinical validated simulation-based lecture series
- Over six hours of hands on training with live models and simulators
- Course instructors are academic physicians who have received grant funding and published on the course topics
- Practical review of physics and ultrasound knobology
- Pre and post training testing with review

At the completion of this course, participants should be able to:
- Assess gastric volume and perform a FAST exam – Focused Assessment with Sonography in Trauma
- Assess volume status and central venous pressure
- Review common regional procedures

Track 2: Basic Echocardiography
This track will offer training on the fundamentals of transesophageal (TEE) and transthoracic (TTE) echocardiography for cardiac and non-cardiac surgery. Topics for the track include: 1) valvular assessment, 2) qualitative and quantitative assessment of left and right ventricular assessment, 3) TEE for the cath/EP lab, 4) echo in the ICU, 5) rescue echo, 6) adult congenital assessment, 7) echo for hemodynamics, 8) echo for non-cardiac transplant, 9) echo outside of operating room, 10) echo for percutaneous valve procedures. Speakers will include a diverse team of cardiac and critical care anesthesiologists who practice in quaternary care centers.

Additional unique features include:
- Instruction via latest simulators on echocardiography
- Hands on training with live models and simulators
- Course instructors are academic physicians who have received grant funding and published on the education of echocardiography to anesthesiologists
- Practical review of an abbreviated 5 minute cardiac echocardiography examination
- Pre and post training testing with review

At the completion of this course, participants should be able to:
- Gain fundamental understanding of the basic utility of echocardiography (both TEE and TTE) for perioperative care
- Highlight the utility of echocardiography outside of the operating room in the catheterization and electrophysiology suites

Target Audience
The target audience for this event is all health care providers involved in perioperative medicine (primarily physician anesthesiologists). The typical practice settings of our audience will be academic, private practice, and hospital based groups.
**Program Co-directors**

Jacques Prince Neelankavil, MD  
Assistant Clinical Professor  
Cardiothoracic Anesthesiology  
Director, Perioperative Echocardiography  
Program Director, Cardiothoracic Fellowship  
Department of Anesthesiology & Perioperative Medicine  
David Geffen School of Medicine at UCLA  

Kimberly Howard-Quijano, MD, MS  
Assistant Clinical Professor  
Co-Chief, Cardiothoracic Anesthesiology  
Associate Director, Cardiovascular Research  
Department of Anesthesiology & Perioperative Medicine  
David Geffen School of Medicine at UCLA  

Davinder Ramsingh, MD  
Director of Clinical Research and Perioperative Ultrasound  
Associate Professor  
Department of Anesthesiology  
Loma Linda Medical Center  
Loma Linda, California  

**Faculty**

John Anderson-Dam, MD  
Assistant Clinical Professor  
Critical Care Medicine and Cardiothoracic Anesthesiology  
Department of Anesthesiology & Perioperative Medicine  
David Geffen School of Medicine at UCLA  

Dalia Banks, MD, FASE  
Clinical Professor  
Division Chief, Cardiothoracic Anesthesiology  
Director, Cardiothoracic Anesthesiology Fellowship  
Clinical Director, Sulpizio CVC and PTU  
University of California, San Diego  
San Diego, California  

Michael Benggon, MD  
Instructor, Anesthesiology  
Department of Anesthesiology  
Loma Linda Medical Center  
Loma Linda, California  

Ihab Dorotta, MBBS  
Associate Professor  
Director, Critical Care Center  
Department of Anesthesiology  
Loma Linda Medical Center  
Loma Linda, California  

Jason Gatling, MD  
Assistant Professor  
Associate Program Director, Anesthesiology Residency  
Associate Program Director, Cardiac Anesthesiology Fellowship  
Department of Anesthesiology  
Loma Linda Medical Center  
Loma Linda, California  

Vadim Gudzenko, MD  
Assistant Clinical Professor  
Critical Care Medicine  
Director, Critical Care Medicine Fellowship Program  
Department of Anesthesiology & Perioperative Medicine  
David Geffen School of Medicine at UCLA  

Reed Harvey, MD  
Assistant Clinical Professor  
Cardiothoracic Anesthesiology  
Department of Anesthesiology & Perioperative Medicine  
David Geffen School of Medicine at UCLA  

Jonathan Ho, MD  
Associate Clinical Professor  
Co-Chief, Cardiothoracic Anesthesiology  
Director, UCLA Interventional Cardiovascular Operations Department of Anesthesiology & Perioperative Medicine  
David Geffen School of Medicine at UCLA  

W. Benjamin Kratzert, MD  
Assistant Clinical Professor  
Critical Care Medicine and Cardiothoracic Anesthesiology  
Department of Anesthesiology & Perioperative Medicine  
David Geffen School of Medicine at UCLA  

Ryan Lauer, MD  
Assistant Professor  
Director, Cardiac Anesthesiology Residency  
Program Director, Cardiac Anesthesiology Fellowship  
Department of Anesthesiology  
Loma Linda Medical Center  
Loma Linda, California  

Jure Marijic, MD  
Clinical Professor  
Director, Pediatric Cardiac Anesthesiology  
Department of Anesthesiology & Perioperative Medicine  
David Geffen School of Medicine at UCLA  

Emily Methangkool, MD  
Assistant Clinical Professor  
Cardiothoracic Anesthesiology  
Assistant Director, Anesthesiology Residency Program  
Department of Anesthesiology & Perioperative Medicine  
David Geffen School of Medicine at UCLA  

Komal Patel, MD  
Associate Clinical Professor  
Cardiothoracic Anesthesiology  
Department of Anesthesiology & Perioperative Medicine  
David Geffen School of Medicine at UCLA  

Pritul Patel, MD  
Assistant Clinical Professor  
Critical Care Medicine and Cardiothoracic Anesthesiology  
Department of Anesthesiology & Perioperative Medicine  
David Geffen School of Medicine at UCLA  

Joseph Rinehart, MD  
Associate Professor  
Director of Clinical Research  
Department of Anesthesiology and Perioperative Medicine  
University of California, Irvine  
Irvine, California  

Ali Salehi, MD  
Associate Clinical Professor  
Cardiothoracic Anesthesiology  
Department of Anesthesiology & Perioperative Medicine  
David Geffen School of Medicine at UCLA  

Nishant Shah, MD  
Midwest Anesthesiology Partners  
PRAA Division  
Advocate Lutheran General Hospital  
Park Ridge, Illinois  

Gary Shih, MD  
Assistant Professor  
Division of Critical Care Medicine  
Department of Anesthesiology  
Loma Linda University School of Medicine  
Loma Linda, California  

Sumit Singh, MD  
Assistant Clinical Professor  
Critical Care Medicine  
Medical Director, Greater LA VA Surgical ICU Critical Care Medicine  
David Geffen School of Medicine at UCLA  

Greg Yoshikawa, MD  
Assistant Professor  
Department of Anesthesiology and Perioperative Care  
University of California, Irvine  
Irvine, California  

Josh Zimmerman, MD, FASE  
Associate Professor  
Director, Perioperative Echocardiography  
Associate Director, Echocardiography
