Cutting Edge Interventional Solutions for Everyday Problems: What the Primary Care Physician Needs to Know

COURSE DESCRIPTION
A variety of disease entities are seen every day in primary care practice. Interventional Radiology offers many minimally invasive treatments for these common conditions. In this course, we will present numerous interventional treatment options for neurologic, musculoskeletal, gynecologic, urologic, vascular, pulmonary, endocrine, and gastrointestinal health conditions. Ordering Guidelines and up-to-date diagnostic imaging studies will be incorporated throughout the course. In addition, we will also explore the future of interventional techniques and how they may impact the treatment of today’s leading health issues.

COURSE OBJECTIVES
At the conclusion of this course, participants should be able to:
• Implement minimally invasive treatment options for head-to-toe primary care problems
• Utilize imaging required for numerous interventional procedures
• Discuss and manage targeted biopsy, drainage, embolization, and ablation techniques applied to a variety of conditions
• Identify medications used before, during, and after numerous procedures

COURSE DIRECTOR
Cheryl Hoffman, MD
Clinical Health Sciences Associate Professor
David Geffen School of Medicine
Medical Director, UCLA Interventional and Imaging Center, Manhattan Beach

COURSE SPEAKERS
Fereidoun Abtin, MD
Associate Professor
Director of Thoracic Fellowship
Department of Radiology, Thoracic Section

Katrina Beckett, MD
Assistant Professor of Radiology
Abdominal Imaging

Scott Genshaft, MD
Assistant Professor of Radiology
Divisions of Thoracic and Interventional Radiology

Antoinette S. Gomes, MD, FACP, FSIR, FAHA
Professor, Radiology & Medicine
David Geffen School of Medicine at UCLA

Reza Jahan, MD
Professor and Director of Academic Affairs
Division of Interventional Neuroradiology

Melissa Joines, MD
Breast Imaging
Assistant Clinical Professor
Department of Radiological Sciences

Stephen Kee, MD
Professor of Radiological Sciences
Section Chief, Vascular Interventional Radiology

Benjamin Levine, MD
Assistant Professor of Radiology
Musculoskeletal Imaging

David S. K. Lu, MD
Professor of Radiology and Surgery

Justin Pryce McWilliams, MD
Associate Professor, Program Director of Radiology
Interventional Radiology

John Moriarty, MD
Associate Professor
UCLA Cardiovascular and Interventional Radiology

Kambiz Motamedi, MD
Professor of Radiology
Director, Beach Imaging & Interventional Center

Adam Plotnik, MD
Assistant Professor
Cardiovascular and Interventional Radiology

J. Pablo Villablanca, MD, FACR
Professor, Diagnostic Neuroradiology
Director, Interventional Spine Service
Medical Director of MRI

Edward Wolfgang Lee, MD, PhD
Assistant Professor of Radiology
Vascular Interventional Radiology

Parking
Saturday parking will be provided for all participants at the UCLA Santa Monica Hospital. Attendees will be able to park in the UCLA parking structure located on the corner of Arizona and 16th Street, please park on levels 3 and 4 only.

Refunds
Due to the low enrollment fee, no refunds will be given for this conference. A full refund will be provided if for any reason the course must be cancelled or rescheduled.

Accreditation
The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, designates this live activity for a maximum of 7.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement
The FDA has issued a concept paper that classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is "truly independent" and free of commercial influence. In addition to independence, the FDA requires that non-promotional, commercially supported education be objective, balanced and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program's participants. In addition, Accreditation Council for Continuing Medical Education policy now mandates that the provider adequately manage all identified potential conflicts of interest prior to the program. We at UCLA fully endorse the letter and spirit of these concepts.

Early registration is recommended, as space is limited.
