9th Annual
UCLA Musculoskeletal Ultrasound Course and Hands-On Workshop
Featuring Concurrent Introductory and Intermediate Level Tracks

- Small group hands-on workshops
- Live, split-screen video demonstrations
- Current and updated lecture topics
- Multidisciplinary faculty

Saturday, January 26 - Sunday, January 27, 2019
COURSE AND HANDS-ON WORKSHOP
UCLA Medical Center, Santa Monica
Santa Monica, CA
**Enrollment**

**By January 4, 2019**
- Physician Fee – $1,195
- Sonographers, Trainees & Students – $995

**After January 4, 2019**
- Physician Fee – $1,295
- Sonographers, Trainees & Students – $1,095

**Lectures Only, No Workshop**
- One Day – $300
- Two Days – $600

*There is a $100 lecture only discount per day for current UC Employees.*

Enrollment fees include continental breakfast, snacks and program materials.

**Online**
Go to www.cme.ucla.edu/courses and choose UCLA Musculoskeletal Ultrasound Course and click the registration button. You may use your American Express, MasterCard, Visa or Discover Card to register online.

**By Mail**
Use the form attached and mail to:
UCLA Office of Continuing Medical Education
David Geffen School of Medicine at UCLA
UCLA Musculoskeletal Ultrasound Course
10920 Wilshire Blvd., Suite 1060
Los Angeles, CA 90024-6512

**By Fax**
Fax the completed enrollment form with credit card information and authorizing signature to
(310) 794-2624.

**By Phone**
Call (310) 794-2620 with your MasterCard, American Express, Visa, or Discover Card information.

**Program Location**
UCLA Medical Center, Santa Monica
Room: G-340
1250 16th Street
Santa Monica, CA 90404
(310) 319-4000

**Local Hotel Accommodations:**
Loews Santa Monica Beach Hotel
1700 Ocean Ave
Santa Monica, CA 90401
(866) 563-9792

The Ambrose
1255 20th Street
Santa Monica, CA 90404
(310) 315-1555

Best Western Plus Gateway Hotel
1920 Santa Monica Boulevard
Santa Monica, CA 90404
(310) 829-9100

**Parking**
Saturday and Sunday, parking will be provided free of charge for all participants at the UCLA Santa Monica Hospital. Attendees will be able to park in the UCLA parking structure located on the corner of Arizona and 16th Street. Please park on levels 2 and 3 only.

**Refunds**
Cancellations must be received in writing by January 11, 2019 and will be subject to a $100 processing fee. No refunds be given after January 11, 2019. A full refund will be provided if for any reason the course must be cancelled or rescheduled.

Please visit our website for other UCLA CME offerings: www.cme.ucla.edu

---

**Early registration is recommended, as space is limited.**

**Accreditation**
The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, designates this live activity for a maximum of 14 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Disclosure Statement**
The FDA has issued a concept paper that classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is “truly independent” and free of commercial influence. In addition to independence, the FDA requires that non-promotional, commercially supported education be objective, balanced and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program’s participants. In addition, Accreditation Council for Continuing Medical Education policy mandates that the provider adequately manage all identified potential conflicts of interest prior to the program. We at UCLA fully endorse the letter and spirit of these concepts.
SATURDAY, JANUARY 26
7:00 Registration and Continental Breakfast
8:00 Introduction and Announcements – Benjamin D. Levine, MD
8:05 Welcome – Jonathan Goldin, MD, PhD
8:10 Live Scanning Demonstration: Upper Extremity – Kambiz Motamedi, MD
9:10 Break

INTRODUCTORY TRACK
9:30 Fundamentals of MSK Ultrasound
Benjamin D. Levine, MD
10:00 Wrist Ultrasound
Mihaela Taylor, MD
10:20 Break
10:40 Shoulder Ultrasound
Benjamin D. Levine, MD
11:00 Elbow Ultrasound
Kira Chow, MD
11:30 Update on Economics of MSK Ultrasound
Andrew Concoff, MD
12:00 Lunch
1:30 Hands-On Ultrasound Workshop
Upper Extremity
4:00 Open Scanning
(Models available)
5:00 Adjourn

INTERMEDIATE TRACK
9:30 Hands-On Ultrasound Workshop
Upper Extremity
12:00 Lunch
1:30 Shoulder Ultrasound: Rotator Cuff Pathology and Pitfalls
Benjamin D. Levine, MD
1:50 Shoulder Ultrasound: Beyond the Rotator Cuff
Benjamin D. Levine, MD
2:10 Ultrasound Guided Shoulder Intervention in the Sports Medicine Clinic
Joshua Goldman, MD, MBA
2:40 Break
3:00 Ultrasound of Lumps and Bumps
Kambiz Motamedi, MD
3:20 Ultrasound of Peripheral Nerves
Brady K. Huang, MD
3:40 Ultrasound of Muscle
Kambiz Motamedi, MD
4:00 Open Scanning
(Models available)
5:00 Adjourn

SUNDAY, JANUARY 27
7:00 Registration and Continental Breakfast
8:00 Live Scanning Demonstration: Lower Extremity – Benjamin D. Levine, MD
9:00 Break

INTRODUCTORY TRACK
9:10 Hip Ultrasound
Kambiz Motamedi, MD
9:30 Knee Ultrasound
Kira Chow, MD
10:00 Ankle Ultrasound
Benjamin Plotkin, MD
10:30 Break
10:50 Foot Ultrasound
Benjamin D. Levine, MD
11:10 Ultrasound Guided Foot Interventions in the Office
Nathan Schwartz, DPM
11:40 Lunch
1:00 Hands-On Ultrasound Workshop
Lower Extremity
3:30 Open Scanning
(Models available)
5:00 Adjourn

INTERMEDIATE TRACK
9:10 Hands-On Ultrasound Workshop
Lower Extremity
11:40 Lunch
1:00 Foot Ultrasound: Tumor, Trauma, and Beyond
Benjamin D. Levine, MD
1:30 MSK Ultrasound Procedures: Current Concepts
Andrew Concoff, MD
1:50 Update on Economics of MSK Ultrasound
Andrew Concoff, MD
2:10 Break
2:30 Hip Ultrasound: Effusion, Bursitis, Tendons and Labrum
Benjamin D. Levine, MD
2:50 Sports Ultrasound in the Pediatric Patient
Joshua Goldman, MD, MBA
3:10 Snapping Hip Syndrome
Benjamin D. Levine, MD
3:30 Open Scanning
(Models available)
5:00 Adjourn
target audience
This course would be of interest to health care providers in fields related to the musculoskeletal system, including, but not limited to, radiologists, sports medicine physicians, physiatrists, orthopedic surgeons, rheumatologists, sonographers, physician assistants, and resident and fellow trainees.

educational objectives
At the conclusion of the course, attendees should be able to:

• Understand basic MSK anatomy pertinent to ultrasound
• Perform basic MSK ultrasound exams of the major joints of the upper/lower extremity
• Identify advantages/disadvantages of MSK ultrasound as an imaging modality
• Describe both the unique and complimentary roles of ultrasound examination
• Recognize transducer and required equipment selection
• Describe normal findings and common pathology on ultrasound of the major joints
• Recognize the main MSK ultrasound imaging pitfalls and artifacts
• Perform various dynamic maneuvers during an MSK ultrasound examination
• Become familiar with the spectrum of MSK ultrasound-guided interventional procedures

course description
The UCLA Department of Radiological Sciences, in collaboration with lead physicians from the departments of Rheumatology, Orthopaedics and Sports Medicine, is proud to offer a comprehensive interdisciplinary musculoskeletal (MSK) ultrasound hands-on learning experience. The MSK Ultrasound Course and Hands-On Workshop will review pertinent aspects of upper and lower extremity ultrasound critical for clinical application. This weekend course will include, in addition to basic MSK ultrasound of joints, current topics such as MSK ultrasound intervention, ultrasound of peripheral nerves, ultrasound of muscle, pediatric sports ultrasound, and MSK ultrasound economics. A multidisciplinary approach will be emphasized through interaction with physicians from various subspecialties.

The course also features live, split-screen video demonstrations of basic MSK ultrasound scan techniques essential for appropriate clinical application. In addition, the interactive hands-on workshop will provide ample opportunity for participants to practice techniques learned in the lectures via focused, small group training with subspecialists.

Two concurrent tracks will be available (introductionary and intermediate tracks), each offering a more personalized lecture and hands-on training experience tailored to the participant’s particular skill level and experience with MSK ultrasound.

Introductory Track
Suggested for those participants interested in learning and developing basic MSK ultrasound scan techniques and protocol. This track is appropriate for those with limited or no prior MSK ultrasound experience. Lectures will focus on fundamentals of MSK ultrasound as it relates to scanning the main joints of the upper and lower extremity.

Intermediate Track
Suggested for those participants who have a basic understanding of normal MSK ultrasound anatomy and scan techniques, and who are interested in further advancing their MSK ultrasound knowledge and refining their skills. This track is appropriate for those who may have attended a prior MSK ultrasound course, or who have some clinical experience with MSK ultrasound. Lectures will include current, more advanced topics that can enhance basic MSK ultrasound knowledge.

clinical co-director
Kambiz Motamedi, MD
Professor of Radiology*
Musculoskeletal Imaging
Department of Radiological Sciences
University of California, Los Angeles

Distinguished faculty
Kira Chow, MD
Associate Professor of Radiology*
