The UCLA Heart Failure, Mechanical Support and Heart Transplant Team presents

UCLA Heart Failure Symposium 2019
State-of-the-Art Updates & Therapies for Advanced Heart Failure

Saturday, May 18, 2019
Marina del Rey Marriott
Marina del Rey, California
UCLA Heart Failure Symposium 2019

Course Description
Heart failure affects approximately six million Americans and is the most common diagnosis for acute hospitalization in patients over 65 years. Over the next decade, we will see a dramatic increase in the number of patients in the community with advanced heart failure who can benefit from advanced therapies for complex cardiac disease. Academic medical centers, such as UCLA, have an opportunity to integrate treatment advances into a comprehensive patient-centered heart failure management program. UCLA Health wants to enhance the role of the primary care physician and primary cardiologist as the central provider for continuity of care for these complex heart failure patients.

The Eighth Annual UCLA Heart Failure Symposium 2019 will:
1. Discuss general heart failure treatment options including short and long term LVAD therapy, heart transplantation, pulmonary hypertension management, high risk percutaneous and structural interventions, and complex congenital heart disease management.
2. Emphasize the need for developing networks linking academic centers with community physicians to manage these patients through the evolution of their disease pre and post advanced cardiac intervention.
3. Discuss heart failure therapies in women’s health, cardiac rehabilitation and address patient and care-provider specific needs and perspectives.

Target Audience
Family practitioners, internists, cardiologists, pediatricians, nurses and all other healthcare professionals taking care of heart failure patients, as well as the interested lay public.

Learning Objectives
At the conclusion of the program participants will be able to:
• Identify the epidemiology and pathophysiology of heart failure and the need for mechanical circulatory support with a growing heart failure population
• Identify indications for and management of lifelong left ventricular assist device therapy
• Implement shared care programs with the community and co-manage patients in need of complex cardiac therapies including LVAD therapy, heart transplantation, pulmonary hypertension management, high risk percutaneous interventions, and complex congenital heart disease management
• Discuss the comprehensive multidisciplinary care and services available to complex cardiac patients within the UCLA Heart Failure Program

General Information
Saturday, May 18, 2019
7:45 am – 4:20 pm
Where: Marina del Rey Marriott
4100 Admiralty Way
Marina Del Rey, CA 90292
(310) 301-3000
Conference Location: California Ballroom
Parking: Valet parking $15

Accreditation Statement
The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, designates this live activity for a maximum of 7 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement
The FDA has issued a concept paper that classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is “truly independent” and free of commercial influence. In addition to independence, the FDA requires that non-promotional, commercially supported education be objective, balanced and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program’s participants. In addition, Accreditation Council for Continuing Medical Education policy mandates that the provider adequately manage all identified potential conflicts of interest prior to the program. UCLA fully endorses the letter and spirit of these concepts.

COURSE CHAIR
Ali Nsair, MD
Medical Director, Heart Transplantation and Mechanical Circulatory Support Device Services
Heart Failure
Interventional Cardiology
Broad Stem Cell Research Center

UCLA COURSE FACULTY AND PANEL PARTICIPANTS
Jamil Aboulhosn, MD, FACC
Professor of Clinical Medicine and Pediatrics
Director, Ahmanson/UCLA Adult Congenital Heart Disease Center

Olcay Aksoy, MD, FACC
Assistant Clinical Professor
Department of Medicine

Abbas Ardehali, MD, FACS
Professor of Surgery and Medicine
Division of Cardiothoracic Surgery
William E. Connor Chair in Cardiothoracic Transplantation
Director, UCLA Heart, Lung, and Heart-Lung Transplant Programs

Arnold S. Baas, MD, FACC, FACP
Professor of Medicine
Cardiomyopathy, Heart Transplant and Mechanical Circulatory Support, UCLA Division of Cardiology

Jason Bradfield, MD, FACC, FHRS
Associate Professor of Medicine
Director, Specialized Program for Ventricular Tachycardia
UCLA Cardiac Arrhythmia Center

Marcella Calfon Press, MD, PhD, FACC
Assistant Clinical Professor
Interventional Cardiology
Co-Director, UCLA Barbra Streisand Women’s Heart Health Program

Daniel Cruz, MD, PhD
Assistant Clinical Professor of Medicine
Cardiomyopathy, Heart Transplant and Mechanical Circulatory Support, UCLA Division of Cardiology

Ravi H. Dave, MD
Director of Interventional Cardiology at UCLA Health Program
Director of the Interventional Cardiology Fellowship Program
Director of the Cardiac Catheterization laboratories at Santa Monica UCLA Medical Center and Community Cardiology Practices

Mario Deng, MD, FACC, FESC
Professor of Medicine
Cardiomyopathy, Heart Transplant and Mechanical Circulatory Support, UCLA Division of Cardiology

Gregg C. Fonarow, MD, FACC, FAHA, FHFS
Director, Ahmanson-UCLA Cardiomyopathy Center
Co-Director, UCLA Preventative Cardiology Program
Co-Chief, UCLA Division of Cardiology
The Eliot Corday Chair in Cardiovascular Medicine and Science

Tamara Horwich, MD, MS, FACC
Associate Clinical Professor of Medicine/Cardiology
Medical Director of UCLA’s Cardiac Rehabilitation Program
Co-Director of the UCLA Women’s Cardiovascular Health Center

Megan Kamath, MD
Clinical Instructor, Cardiomyopathy, Heart Transplant and Mechanical Circulatory Support
UCLA Division of Cardiology

Murray H. Kwon, MD
Division of Cardiothoracic Surgery
Associate Clinical Professor
Surgical Director of Mechanical Assist Devices
Surgical Director of the Cardiothoracic Intensive Care Unit

Cathy Levenstein, LCSW
Clinical Social Worker
UCLA Mechanical Circulatory Support / Heart Transplantation Program

Codie Lieto, LCSW
Advance Care Planning and Palliative Care Social Worker for Heart Failure

Rushi Parikh, MD
Clinical Instructor
Cardiomyopathy, Heart Transplant and Mechanical Circulatory Support, UCLA Division of Cardiology

Rajan Saggar, MD
Associate Professor of Medicine
Director, Medical Intensive Care Unit
Lung and Heart-Lung Transplant and Pulmonary Hypertension Programs

Richard J. Shemin, MD, FACC
Robert and Kelly Day Professor and Chief Cardiothoracic Surgery
Executive Vice Chairman of Surgery
Co-Director of the Cardiovascular Center

William Suh, MD, FSCAI
Interventional Cardiology
Associate Clinical Professor, Department of Medicine

Neil Wenger, MD
Professor of Medicine and Health Services Research
Director, UCLA Ethics Center

Advanced Practice Nurses
Ahmanson-UCLA Cardiomyopathy Center
Julie Creaser, RN, MN
YiChing Gibson, MSN, ACNP-BC
Nancy Livingston, RN, MN, NP
Anca Rahman, RN, NP-C
Darlene Rourke, RN, MSN, CHFN
Beth Vandenbogaart, MSN, ACNP-BC

Mechanical Circulatory Support Coordinators
Amy Chang, RN, BSN, CCRN
Elan Moreno, RN, BSN, CCRN
Anthony Salimbangon, RN, BSN, CCRN

Outreach Coordinator
Melissa Moore, RN, BSN, CCTC
