Avoiding and Treating Filler Related Complications

Presented by the UCLA Stein Eye Aesthetic Center

Thursday, July 18, 2019

UCLA Stein Eye Institute, UCLA Campus

UCLA Faculty:

Liza Cohen, MD

Danica Fiaschetti, LVN, COA

Robert A. Goldberg, MD

Justin Karlin, MD

Alexandra Manta, MD

Daniel Rootman, MD

Shoaib Ugradar, MD

This 3-hour evening course is designed for physicians, physician assistants, and nurse practitioners who perform facial filler injections, or see patients who have had injections. Although fillers are among the safest of all techniques for facial rejuvenation, complications do occur. The severity of complications range from mild to catastrophic. This course will review the current understanding and research related to causation, avoidance and treatment of the most serious filler complications.
