UCLA Peritoneal Dialysis Symposium

Executive Order Ushers In a New Era for Kidney Health

Are you ready?
Come learn what the Executive Order will mean for you and how you can build a successful PD Program

Course Chair: Anjay Rastogi, MD, PhD

Saturday, October 19, 2019
Ronald Reagan UCLA Medical Center
Tamkin Auditorium
757 Westwood Plaza
Los Angeles, CA 90095
End stage renal disease (ESRD) is associated with significant morbidity, mortality, lower quality of life (QOL) and financial burden. Patients with advanced kidney disease have options including home dialysis, such as peritoneal dialysis (PD) and home hemodialysis (HHD), as well as transplantation. Even though home dialysis offers several advantages over in-center hemodialysis (ICH), and is the preferred modality by most nephrologists, only 12 percent of the US dialysis population dialyze at home.

Based on the recent Presidential Executive Order, by 2025, 80 percent of all ESRD patients should be on home dialysis, or transplant. This symposium will address key concepts of PD which is the most commonly used home dialysis modality and is often the best option for a large portion of patients. This course will also cover how the recent executive order impacts your practice.

Course Objectives
After completion of this course, the participants should be better able to:
• Address Executive Order, particularly financial impact from mandatory payment model on physicians and practices
• Discuss key growth and clinical competencies nephrology practices need to develop in order to build successful PD programs within this new context
• Discuss the recently launched U.S Department of Health & Human Services initiative, under Presidential Executive Order, on “Advancing American Kidney Health”
• Describe the anatomy and physiology of peritoneal dialysis
• Understand the peritoneal dialysis apparatus, catheters, solutions and more
• Write peritoneal dialysis prescriptions in different settings
• Address the complications of peritoneal dialysis, such as infectious, non-infectious and metabolic
• Develop integrated dialysis care, including transitional care units, urgent starts and more
• Utilize current best practices in building a successful peritoneal dialysis program, such as patient selection, retention, team building and more

Target Audience
Nephrologists, surgeons, interventional radiologists, interventional nephrologists, primary care physicians, family medicine physicians, internists, nurse practitioners, physician assistants, nurses, technicians, dietitians, social workers, dialysis program managers and directors, health care affiliates, industry, researchers and trainees.

Accreditation Statement
The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, designates this live activity for a maximum of 7.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The California State Board of Registered Nursing accepts courses approved by the AMA for category 1 credit as meeting the continuing education requirements for license renewal. Nurses from states other than California should inquire with their local State Board for specific continuing education policies.

ABIM MOC
Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 7.5 Medical Knowledge and Practice Assessment MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Disclosure Statement
The FDA has issued a concept paper that classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is truly independent and free of commercial influence. In addition to independence, the FDA requires that non-promotional, commercially supported education be objective, balanced and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program’s participants. In addition, Accreditation Council for Continuing Medical Education policy mandates that the provider adequately manage all identified potential conflicts of interest prior to the program. UCLA fully endorses the letter and spirit of these concepts.
7:00  Breakfast and Registration
8:00  Welcome and Introduction | Anjay Rastogi, MD, PhD
8:15  Executive Order Explained and What Practices Should Be Considering
      Mark Shapiro, MD and Edgar V. Lerma, MD, FACP, FASN, FPSN (Hon)
9:45  The PD Catheter: Making or Breaking the Patient Experience on PD
      Todd Penner, BSc, MD, FACS, FRCSC
10:30 Break
10:45 Prescription Management, Adequacy and PET
      Anjali B. Saxena, MD, FASN
11:45 ADPKD, Fabry and Alport Syndrome: Not So Rare Genetic Diseases
      Anjay Rastogi, MD, PhD

Concurrent Session (10:45 - 12:45)
Deeper Dive Into Surgical Aspects of PD for Surgeons, Interventional Radiologists and Interventional Nephrologists
Todd Penner, BSc, MD, FACS, FRCSC

12:00  Lunch
12:45  Patient Candidacy: Myths vs Truths | Joanne M. Bargman, MD, FRCPC
1:30  Infectious Complications | Anjali B. Saxena, MD, FASN
2:30 Break
2:45  Non-Infectious Complications | Joanne M. Bargman, MD, FRCPC
3:45  Panel Discussion | All Faculty
      • The Executive Order
      • More on Growth, Urgent Starts, Transitional Care Units, Dialysis Clinics of the Future and Innovations
      • How to Build a Successful Program
      • Key PD Concepts
      • Recent Advancements in Slowing the Progression of Kidney Disease
      • Ask the Experts
4:45  Closing Remarks | Anjay Rastogi, MD, PhD
5:00  Adjourn
Directions: From the 405 freeway, exit Wilshire Blvd., East toward Westwood. Turn left on Westwood Blvd., travel past Charles E. Young Dr. South and turn left on Structure 8 driveway. Drive up the ramp to the rooftop level to park. The Ronald Reagan UCLA Medical Center is located on the corner of Westwood Plaza and Charles E. Young Dr. South.

Parking: Please park in Structure 8 on the rooftop level. A parking attendant will be on duty from 6:30 AM - 8:30 AM. If you arrive outside of this time frame, please visit the parking kiosk on Westwood Plaza to pay for your parking permit. Participants are responsible for their own parking charges at a rate of $13 per vehicle.

Refunds: Cancellations must be received in writing by Monday, October 5, 2019 and will be subject to a $25 processing fee. No refunds will be granted after that date. If, for any reason, the course must be cancelled, discontinued, or rescheduled, a full refund will be provided.

Enrollment:
Online: Go to www.cme.ucla.edu/courses and click on UCLA Peritoneal Dialysis Symposium. You may use your MasterCard, Visa, Discover, or American Express card to register.

By Mail: Use the form attached. Mail to the UCLA Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, UCLA Peritoneal Dialysis Symposium, 10920 Wilshire Blvd., Suite 1060, Los Angeles, CA 90024-6512

By Fax: Send the completed enrollment form with credit card information and authorizing signature to (310) 794-2624.

By Phone: Call (310) 794-2620 to use your MasterCard, Visa, Discover, or American Express card.

Please visit our website for other UCLA CME offerings at www.cme.ucla.edu.

Early registration is recommended, as space is limited.
