Comprehensive Medical Care for Transgender and Gender-Nonbinary Patients

February 8, 2020
Tamkin Auditorium
Ronald Reagan UCLA Medical Center
Los Angeles, California
Course Description

The UCLA Gender Health Program presents an up-to-date, comprehensive and in-depth compendium of gender-affirming medical care. This course will feature sessions on gender-sensitive cultural awareness, behavioral health care, primary care, and medical and surgical gender-affirming interventions. All topics will be presented by members of the integrated, multidisciplinary UCLA Gender Health Program, to help providers from varied disciplines care for this population in a sensitive and effective manner. The program will be delivered in topic-specific sessions, each followed by a brief question and answer opportunity. Breaks for networking and informal discussion will be scheduled throughout the day.

Course Objectives

At the completion of this program, participants should be better able to:

• Create a welcoming and inclusive environment for patients of all gender identities
• Describe the various aspects of medical and surgical care for gender transition
• Assess a patient’s readiness for gender-affirming interventions, including hormone management and surgeries. Be able to optimize health prior to, during and following such interventions
• Identify common behavioral health conditions that may accompany gender dysphoria, how these might impact health and health care, and how and when to implement or refer for further assessment and treatment
• Apply preventive care recommendations, including cervical, breast and prostate cancer, and osteoporosis guidelines taking into account a patient’s individual history of gender-affirming care
• Identify common presentations of gender dysphoria in children and adolescents and provide counseling regarding evidence-based treatment recommendations in this population

Target Audience

This course is targeted toward anyone interested in in-depth exposure to medical care for this population, including physicians (in practice and in training) and allied health professionals in primary care, endocrinology, plastic surgery, urology, obstetrics/gynecology, as well as mental health professionals, social workers and nurses, and students of all above disciplines.
COURSE DIRECTORS

Mark S. Litwin, MD, MPH
The Fran and Ray Stark Foundation Chair in Urology
Professor and Chair
UCLA Department of Urology
Professor of Health Policy & Management
UCLA Fielding School of Public Health
Professor, UCLA School of Nursing

From the 405 freeway, exit Wilshire Blvd., East toward Westwood. Turn left on Westwood Blvd., travel past Charles E. Young Dr. South and turn left on Structure 8 driveway. Drive up the ramp to the rooftop level to park. Pay per license plate at the kiosk. All day self-parking is $13.00.

Accreditation
The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA designates this live activity for a maximum of 7.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The California State Board of Registered Nursing accepts courses approved by the AMA for category 1 credit as meeting the continuing education requirements for license renewal. Nurses from states other than California should inquire with their local State Board for specific continuing education policies.

Disclosure Statement
The FDA has issued a concept paper which classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is “truly independent” and free of commercial influence. In addition to independence, the FDA requires that nonpromotional, commercially supported education be objective, balanced, and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program’s participants. In addition, Accreditation Council for Continuing Medical Education policy mandates that the provider adequately manages all identified potential conflicts of interest prior to the program. We at UCLA fully endorse the letter and spirit of these concepts.
