Accreditation

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA designates this live activity for a maximum of 3.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The California State Board of Registered Nursing accepts courses approved by the AMA for category 1 credit as meeting the continuing education requirements for license renewal. Nurses from states other than California should inquire with their local State Board for specific continuing education policies.

Disclosure Statement

The FDA has issued a concept paper which classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is “truly independent” and free of commercial influence. In addition to independence, the FDA requires that non-promotional, commercially supported education be objective, balanced, and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program’s participants. In addition, Accreditation Council for Continuing Medical Education policy mandates that the provider adequately manages all identified potential conflicts of interest prior to the program. We, at UCLA, fully endorse the letter and spirit of these concepts.

The 15th Annual UCLA Liver Diseases Virtual Symposium will provide a state-of-the-art update and scientific exchange on prevalent liver diseases and their complications using a multi-disciplinary approach with hepatologists, radiologists and surgeons.

Course Description

The 15th Annual UCLA Liver Diseases Virtual Symposium will provide a state-of-the-art update and scientific exchange on prevalent liver diseases and their complications using a multi-disciplinary approach with hepatologists, radiologists and surgeons.

Course Objectives

At the conclusion of this program, participants will be able to:

• Identify liver failure milestones in patients with cirrhosis and understand the role of liver transplantation.

• Review the pros and cons of Transjugular Intrahepatic Portosystemic Shunts in patients with cirrhosis and portal hypertension.

• Discuss updates in the management of patients with viral hepatitis B, C, and D.

• Define patients at risk for hepatocellular carcinoma and utilize serum biomarkers and imaging for its early identification and intervention.

• Review the treatment of alcoholic hepatitis and understand controversies associated with early liver transplantation.

• Treat non-alcoholic fatty liver disease and employ non-invasive tests for diagnosis.

• Discuss the role of palliative care in patients with advanced liver disease.
